T.H. Humpherys, State Engineer.
Salt Lake City, Utah.

Re; Coal Creek Distribution.

Dear Mr. Humpherys,

Enclosed find Coal Creek Irrigation Companies check in the sum of \$5.00, endorsed by me, covering Bond fee for Water Commissioner for Coal Creek for the year 1940.

The matter of furnishing three copies of a report at the end of the year is hereby agreed to.

In your letter to George H. Wood, Chairman of the Water Users Association of Coal Creek, dated January 19, you ask the Water Users to contribute \$110.00 toward the purchase of "Water-stage recorder" for Coal Creek. This matter has been discussed with the members of the Water-users Committee but no action has been taken. The proposal has not been received too enthusiastically. I suggest the matter be taken up by either yours elf or one of your staff on your next visit to Cedar City.

During the past week we have had 10 inches of new snow fall in the valley. At the 8000 foot elevation it was approximately 3 feet.

Yours very truly
